About Lilli

Lilli Trippe is a 3yr old Corvallis Oregon girl who has been fighting infant leukemia ever since she was born. Lilli has endured months of chemotherapy, two bone marrow transplants, two cardiac arrests, and a life-threatening infection. Through all of it, she has never lost her ability to smile, dance, or bring intense happiness to those around her. Lilli is on a new drug trial that is bringing us hope.

The community response and support is fantastic: [Albany Democrat Herald](#) & [OSU Daily Barometer](#)
